

# CERTIFICATE OF ACCREDITATION

## The ANSI National Accreditation Board

Hereby attests that

### Atmus Filtration Technologies Cookeville Liquid Tech Center

1200 Fleetguard Rd.  
Cookeville, TN 38506

Fulfills the requirements of

## ISO/IEC 17025:2017

In the field of

## TESTING

This certificate is valid only when accompanied by a current scope of accreditation document.  
The current scope of accreditation can be verified at [www.anab.org](http://www.anab.org).

Jason Stine, Vice President

Expiry Date: 19 September 2027

Certificate Number: L2398

This laboratory is accredited in accordance with the recognized International Standard ISO/IEC 17025:2017.  
This accreditation demonstrates technical competence for a defined scope and the operation of a laboratory  
quality management system (refer to joint ISO-ILAC-IAF Communiqué dated April 2017).

## SCOPE OF ACCREDITATION TO ISO/IEC 17025:2017

### Atmus Filtration Technologies Cookeville Liquid Tech Center

1200 Fleetguard Rd.  
Cookeville, TN 38506

Scott VanWinkle 931-526-9551

### TESTING

ISO/IEC 17025 Accreditation Granted: **10 August 2025**

Certificate Number: **L2398**

Certificate Expiry Date: **19 September 2027**

#### Mechanical

| Specific Tests and/or Properties Measured                                                                                                                               | Specification, Standard, Method, or Test Technique | Items, Materials or Product Tested | Key Equipment or Technology                             |
|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------|----------------------------------------------------|------------------------------------|---------------------------------------------------------|
| Fuel Water Separation<br>(0 to 20) L/min<br>(0 to 100) kPa<br>(0 to 100) % Efficiency                                                                                   | SAE J1488                                          | Fuel Water Separators              | Fuel Water Separation Test Stand, Tensiometer, Titrator |
| Liquid Dust Holding Capacity<br>(up to 10) L/min                                                                                                                        | SAE J905                                           | Fuel Filters                       | Capacity Test Stand                                     |
| Multipass Hard Particle Removal and Capacity<br>(3 to 395) L/min<br>(2075) kPa<br>terminal deltaP<br>(0 to 100) mg/L<br>(0 to 100) % Efficiency from<br>>4 to <30µm (c) | ISO 19438<br>ISO 4548-12<br>ISO 16889              | Fuel, Hydraulic and Lube Filters   | Multipass Test Stand, Reference Particle Counter        |
| Singlepass Hard Particle Removal<br>(2 to 7) L/min<br>(0 to 100) % Efficiency from<br>>4 to <30µm (c)                                                                   | SAE J1985                                          | Fuel, Hydraulic and Lube Filters   | Singlepass Test Stand, Reference Particle Counter       |
